

LENNOX

PUMP AND PROCESS

Stainless steel submersible pump offering an extremely powerful and reliable performance

Any area subject to possible flooding, seepage water, wastewater or run-off will benefit from the protection offered by the Ebara Optima stainless-steel submersible pump. Featuring built-in float or magnetic switch for automatic operation, 110V or 240V operation, the Ebara Optima provides a first line defence against the catastrophic damage and resultant costs of flood water ingress.

- Commercial cellars
- Residential buildings
- License premises tap-rooms and cold-rooms
- Vehicle depots
- Office and apartment lift wells
- Garages
- Basements and store rooms

Special Offer

With a maximum capacity of 170 litres/min, the Ebara Optima from Lennox Pump and Process is a versatile multi-duty drainage pump manufactured by one of the world leaders in centrifugal pump technology.

Special Offer Delivered Price of EUR225.00 excl. VAT
